कार्य का नाम: New Guest House at ICAR, Goa.

विषय: Performance Certificate with respect to water proofing treatment in terrace using Firestone RubberGard EPDM Roofing Membrane.

महोदय,

This is to certify that M/S DBS Building Products(P)Ltd. have executed water proofing treatment at New Guest House of ICAR, Goa on its RCC terrace, using Firestone RubberGard EPDM Membrane, in the month of November-December, 2013. The value of water proofing work is Rs. 6 lakhs. The work was done by M/S DBS Building Products(P)Ltd. as specialized agency on behalf of the main contractor Shri A.K.Ashok Menon under contract Agreement No.17/EE/GCD/09-10 with CPWD, Goa.

The performance of water proofing treatment was observed during the current monsoon of year 2014 and the water proofing was found to be highly effective and there was no seepage/dampness in roof.

Prior to this treatment, the same RCC roof terrace was having heavy seepage of water.

✓ The overall performance of the water proofing treatment using Firestone RubberGard EPDM Membrane is ' Very Good.'

With regards.
